Post Box: 41031

Paris – Nord 2, 13 rue de la Perdrix – Temblay en France

F – 95912 Roissy CDG Cedex - France

Slovenj Gradec, 11.11.2013

Declaration 4-2013

According to the Reach regulation, we considered as a downstream user.

We are not manufacturer of substances as defined in REACH and therefore we don't have to register substances.

The products, we supply to you, are not containing substances in accordance with art. 7 of the Reg. REACH 1907/2006, so we didn't need to pre-register our products. Therefore we don't have the safety data sheets for our products.

We confirm that our products don't contain any substances included in the existent candidate list-SVHC.

Our job is mainly to:

- ▶ Contact with our suppliers to ensure that timely pre-registration is achieved.
- ▶ inform our suppliers about »use« and »exposure scenarios« of substances.
- ▶ discuss with our customers the application areas of our products and to inform them on time about the supply ability in the future.

Vinko Gaber,

Quality control Manager
