The Einhell 18 V/30 minute Power X-Change PXC charger is a member of the multifunctional and interchangeable battery system from the Power XChange series and can be used universally for all PXC rechargeable batteries. The batteries have a much longer service life, because the charging cycles are adjusted to the specific situation. Permanent battery monitoring ensures optimum charging and also provides up-to-the-moment information on the battery status while charging is in progress thanks to the 6-stage charging system. Intelligent charging management ensures maximum safety during charging. For easy wall-mounting there are integrated suspension eyelets.
