BRUSHLESS IMPACT DRILL/ SCREWDRIVER 20V LI-ION

This cordless 20V impact drill from Powerplus with brushless motor is so versatile that it can drill holes in wood as well as screw something together. Besides, the device features an impact function to drill in stone too. The brushless motor makes the machine even more powerful and durable, you experience less vibration and lose no time maintaining your drill. With 2 powerful 20V batteries, a charger, as well as a magnetic bit holder and a belt clip you have everything you need right at your disposal. Done working? You nicely put everything in the BMC and your workplace is tidy.

This Powerplus impact drill enables you working freely, efficiently and comfortably. You can choose between two different speeds and 16 torque settings. Replacing your drills or bits is done very quickly with the auto locking chuck (Ø 13mm). Finally, you can work safely, as the quick stop immediately stops the chuck from turning when you are done drilling. Convenient, right?

TECHNICAL SPECIFICATIONS POWX00510		Features	Box content	Symbols
Rated voltage	20V	• Brushless motor • 3 functions: screwing/drilling/impact drilling • Auto locking chuck • 2 speed settings • Quick stop • Led worklight • Quick charger • Soft grip	1x brushless impact drill/screwdriver	CHEMICAL SAFETY CE
